## 2. Studying in Australia

Congratulations on choosing Australia as your study destination!

Did you know that Australia is the third most popular choice for international students behind only America and the United Kingdom? This is because we boast an exceptional history of providing high quality education, consistently, over many years.

With an estimated population of 24 million, we are one of the least populated countries with the majority of people settling near coastal areas. Owing to our natural resources, we are one of the most affluent. As a country to visit we have so many points of natural beauty and world famous landmarks you will not know where to begin your adventure. There are of course several thousand kilometers of beaches with Fraser Island in Queensland the world's only Sand Island.

Our landmarks include the sacred Aboriginal 'Uluru', the Sydney Opera House and Harbour Bridge, Great Barrier Reef, Blue Mountains of New South Wales and the amazing beaches of Queensland. There are also many tropical rainforests and waterfalls which offer walking tracks through the beauty of the Australian Bush.

Australia consists of six states and two territories with the Southern States having temperatures a little more varied with snowfields active in winter, whilst the more Northern have a tropical climate all year around which sees winter days in Queensland range between 18-28 degrees.

We are also home to some of the rarest fauna and wildlife with kangaroos and koala being native to the land as well as emu, ostrich, camel, the dingo (wild dog) and some of the most amazingly marked birds with the distinctively sounding Kookaburra heard to chirp at sunrise and sunset denoting the opening and closing of each day.

With excellent transport networks, culture and lifestyle choices to meet all needs, Australia not only boast a phenomenal track record in education but also an amazing experience for those who choose to study here.

You can find out more about our beautiful country and the states that our Campuses are located in our 'Pre-arrivals' guide that is available on our website: [www.kca.edu.au](http://www.kca.edu.au) or within this handbook!

## 3. Using the Student Handbook

This handbook contains important information about studying with KCA and we encourage you to read it carefully prior to commencing your course. The Student Handbook will aid you in getting the most out of your course and studies with us. There is a range of information covered here including summaries of our policies and procedures, and our code of conduct. Also included is information about studying in Australia and our campus locations that is aimed to assist you in adjusting to your new environment.

It is our objective to make your studies enjoyable, productive and successful and, to that end, whilst we encourage you to refer to this handbook we also encourage you to communicate with us if you have any questions, concerns or issues whatsoever. We are happy to assist and determined to help you to succeed

## 4. What is an RTO?

Registered Training Organisations (RTOs) are training providers registered by the Australian Skills Quality Authority (ASQA) (or, in some cases, a state regulator) to deliver Vocational Education and Training services. RTOs are recognised as providers of quality-assured and nationally recognised training and qualifications.

There are currently around 5,000 RTOs in Australia. A complete list of RTOs, is maintained at [training.gov.au](https://training.gov.au), the authoritative national register of the VET sector in Australia and CRICOS registered providers at [www.cricos.education.gov.au/](https://www.cricos.education.gov.au/)

### Why use an RTO?

Only RTOs can:

Deliver nationally recognised courses and accredited Australian Qualifications Framework (AQF) VET qualifications  
Apply for Australian, state and territory funding to deliver vocational education and training  
RTOs can offer qualifications at the following levels:

- Certificates I, II, III and IV
- Diploma
- Advanced Diploma
- Graduate Certificate
- Graduate Diploma

Being registered by ASQA means an RTO must act in your best interests and meet the **Standards for Registered Training Organisations 2015**.

### What is CRICOS?

The Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS) is a register of Australian education institutions that recruit, enrol and teach overseas students. Registration on CRICOS allows providers to offer courses to overseas students studying, or intending to study, in Australia on student visas.

CRICOS lists all Australian education providers approved to offer courses to these overseas students, and details the courses offered by these providers.

The register:

- is managed by the Australian Government Department of Education
- is publicly available, and
- can be searched by course or provider name/number.

We regularly perform internal audits against these Standards to ensure that we are compliant with the Standards, and

that our policies and procedures are being correctly implemented. Our registered training organisations are also subject to external audits conducted from time to time, by state training authorities, the national VET regulator (Australian Skills Quality Authority), and independent financial auditors.

Quality at KCA is about us providing students/course participants and client companies with a service that meets their needs, if not exceeds them. To do so we constantly seek to improve our service capability. Feedback from students/course participants and or clients is an important part of our quality review process, and we encourage you to provide feedback at any time about any aspect of our service.

- If the course credit is granted after the student visa is granted, the change of course duration will be reported to DET via PRISMS within 14 days after the event as specified under Section 19 of the ESOS Act.

**Please Note:** the Letter of Offer will be based on the following conditions:

## Australian Student Visas

Once you receive your electronic Confirmation of Enrolment, you will need to apply for your visa. Information about applying for a visa can be found at: <https://immi.homeaffairs.gov.au/visas/getting-a-visa/visa-listing/student-500>

- Only work if you have been given permission to do so as part of your visa grant.
- Maintain approved Overseas Student Health Cover (OSHC) while in Australia

For further information, please refer to the Department of Home Affairs (DoHA) for further information:

<https://immi.homeaffairs.gov.au/visas/getting-a-visa/visa-listing/student-500>

## Overseas Student Health Cover

Australia has a special system of health cover for international students called Overseas Student Health Cover (OSHC). You will need to buy OSHC before you come to Australia to cover you from when you arrive. The Department of Home Affairs requires you to maintain OSHC for the duration of your time on a student visa in Australia.

You can choose to take out OSHC with a provider recommended by us (Allianz), or with the Australian OSHC provider of your choice. There are five providers of OSHC in Australia. Visit these websites to find detailed information on what they cover and to decide which provider is right for you.

- Allianz Global Assistance OSHC: [www.allianzassistancehealth.com.au/en/student-visa-oshc/](http://www.allianzassistancehealth.com.au/en/student-visa-oshc/)
- Australian Health Management OSHC: [www.ahmoshc.com](http://www.ahmoshc.com)
- BUPA Australia [www.overseasstudenthealth.com](http://www.overseasstudenthealth.com)
- Medibank Private [www.medibank.com.au/Client/StaticPages/OSHCHome.aspx](http://www.medibank.com.au/Client/StaticPages/OSHCHome.aspx)
- OSHC Worldcare [www.oshcworldcare.com.au](http://www.oshcworldcare.com.au)
- NIB OSHC [www.nib.com.au/home/newtonib/overseasstudents](http://www.nib.com.au/home/newtonib/overseasstudents)

Your OSHC will help you pay for any medical or hospital care you may need while you're studying in Australia and it will contribute towards the cost of most prescription medicines, and an ambulance in an emergency.

For more information on what your OSHC insurance covers, as well as what to do if you need treatment, refer to the Department of Health and Ageing's Frequently Asked Questions.

OSHC does not cover dental, optical or physiotherapy. If you want to be covered for these treatments you will need to buy additional private health insurance, such as:

- Extra OSHC provided by some OSHC providers;
- International travel insurance; or
- General treatment cover with any Australian private health insurer. You can find a list of these providers and search for the one that suits you best at [www.privatehealth.gov.au](http://www.privatehealth.gov.au) or [www.iselect.com.au](http://www.iselect.com.au)

## Unique Student Identifier (USI)

As you are studying nationally recognised training in Australia, you are required to have a Unique Student Identifier (USI) Act 2014. Your USI links to an online account that contains all your training records and results (transcript) that you have completed from 1 January 2015 onwards.

For international students studying in Australia you would have been issued with an Australian Visa, this will allow you to use your passport as proof of identification when creating your USI.

When applying for a job or enrolling in further study, you will often need to provide your training records and results (transcript). One of the main benefits of the USI is the ability to provide students with easy access to their training records and results (transcript) throughout their life. You can access your USI account online from your computer, tablet or smart phone any time. Student Information for the USI Fact Sheets is available to download from <https://www.usi.gov.au/students>.

It's free and easy to create your own USI and will only take a few minutes of your time. Alternatively, we can create your USI during your Orientation Session.

## Course Credit

Course credit is defined by the National Code 20018 as follows:

***'Exemption from enrolment in a particular part of the course as a result of previous study, experience or recognition of a competency currently held. This includes academic credit and recognition of prior learning.'***

## Credit Transfer

Credit transfer is training credit for a unit of competency or module previously completed by a student. Credit Transfers are only issued if the units of competency are equivalent that are listed on the current training package.

KCA will provide applicants with the opportunity to apply for credit prior to enrolment process or during the initial part of the course. You can apply for Credit at any time however it is best you do this as part of your enrolment so that credits are known upfront and you are not required to do any work that you otherwise may not have needed to do.

Credit can be provided for units of competency that you have already completed with another RTO or authorised issuing organisation. We can also grant you Credit for subjects or units you have completed where equivalence can be established between the unit/ module in your course, and the subject or unit you have completed. There is no charge to apply for Credit.

To apply, fill in the Credit Application Form and submit it as part of your enrolment.

Make sure you attach certified copies of transcripts from your previous study. In some cases, we may ask for additional information about the subject or unit you previously studied so we can determine equivalence. Your Credit Application may be returned to you if you don't provide the required information.

You will be advised in writing of the outcome of your Credit Application. If credit is granted, tuition fees to the value of that subject's worth, to a maximum of 25% of the course, will be deducted from the total course cost.

### Recognition of qualifications issued by other RTOs

KCA also recognises Qualifications and Statements of Attainment issued by other RTOs under the Australian Qualifications Framework (AQF). You may use Qualifications and Statements of Attainment to gain credit towards programs offered by KCA.

**Note:** approved Credit transfers may also affect the duration of your course study period on CoE.

### Recognition of Prior Learning

RPL is an assessment process that assesses an individual's formal, non-formal and informal learning (life experience) to determine the extent to which that individual has achieved the required learning outcomes, competency outcomes, or standards for entry to, and/or partial or total completion of, a VET qualification. By providing us with the evidence of skills, knowledge and experience students can gain credit towards all or part of a relevant qualification. Forms of evidence may include; a portfolio of evidence, third party reports, oral questioning, practical tasks, etc. Just like credit transfer, you should ideally apply for RPL at the time of enrolment but you may also apply up to 2 weeks into your course.

If you think you may be eligible for RPL, contact us and a qualified trainer/ assessor will assist you throughout this process and issue an RPL kit. Once you have completed the kit, your application will then be assessed for suitability and you will then be contacted by an assessor to progress the RPL process.

Fees are applicable for Recognition of Prior Learning and can be advised to you on application. For more information about submitting an application for RPL, contact the Admissions and Campus Support Officers.

**Note:** approved RPL may also affect the duration of your course study period on CoE.

## Student Fees and Refund Policy

As a visa requirement, overseas students must maintain their financial viability throughout their chosen courses. Failure to pay tuition fees on time may lead to suspension or cancellation of the student's enrolment from KCA.

### Student Tuition Fees

KCA does not require international students to pay more than 50% of course fees prior to course commencement, although students may pay more if they choose. Once a student attends the official orientation session, they have been deemed to have commenced the course.

Tuition fees are charged for each term and all students will be issued with an invoice two (2) weeks before the commencement of the new term. The invoice will provide a date where payment is due that is on commencement date.

Students that fail to pay their tuition fees by the required date will be notified and may be issued with an Intention to Report (ITR) letter for being at default and non-financial. This may lead to the student's enrolment either being suspended or the cancelation of their Confirmation of Enrolment (CoE) via PRISMS.

KCA also will charge additional fees additional services including:

Reissuing student identification cards	\$35.00
Re-printing of qualification	\$50.00
Re-printing of course transcripts	\$35.00
Replacement or additional uniform	\$80.00
Re-sit of assessment	\$50.00

As a joint initiative with EAP Assist, the program is aimed at helping students address an array of life challenges, ideally before they become distractions that affect home life as well as studies with KCA. The service will provide access to a dedicated counselling hotline available 24 hours a day, 365 days a year and 3 complimentary counselling sessions.

We understand that there is life outside of studying with KCA and want to make sure that all our student's mental health and wellbeing needs are being met. Through the Student Assistance Program, we facilitate our commitment to helping our students grow, and be the best they can be when studying with us. Common issues that students can receive assistance with include:

- Personal issues
- Work/Life effectiveness
- Relationship issues
- Interpersonal conflict

- Working relationships
- Substance abuse
- Gambling
- Trauma
- Depression
- Grief and loss
- Financial concerns
- Anxiety
- Parenting
- Legal concerns
- Perinatal counselling

SAP is a voluntary confidential and complimentary counselling service. All new and current students undertaking a course at KCA Education (KCA) will have full access to SAP services. The services provided are completely confidential where students will not have to reveal their identity and will remain anonymous.

For further information, please contact our CSO on 1300 854 011.

Additional external support is also available to any one via Lifeline: telephone: **13 11 14**

## 9. Your Learning Journey

The following section of the Student Handbook is designed to provide you with the relevant information about your learning journey with KCA and to ensure that it is as rewarding and productive as possible.

Studying with KCA requires a number of the skills which you would be expected to be able to demonstrate in your role at work. For example, the ability and discipline to:

- Plan tasks
- Prioritise tasks
- Manage your time
- Organise information in a logical and clear manner

However journey begins with our mandatory Orientation and Induction Session that is held during 'O' Week that is contacted each term and prior to the commencement of your first class.

### Student Orientation and Induction

Student orientation day is conducted for all new students at the beginning of each term. It is essential for all new students to attend this session to understand the familiarising themselves with the campus facilities and have the opportunity to:

- understanding the information contained in the International Student Handbook, including your rights as a student and student visa obligations
- ensuring you are familiar with the facilities, classes and resources,
- meeting your VET Teacher and additional support staff,
- understanding your course timetable, class requirements and attendance,
- understanding your overall course assessment requirements, including work placement if applicable,
- providing you with essential evacuation and emergency plan procedures, and
- practical placements (if applicable) and associated assessment requirements,
- emergency procedures,
- knowing where to access more information, as required.

**Please note:** Students must bring with them; valid passport and current residential address in Australia.

At the end of the orientation day students will receive all student kits and resource manuals. Students will then be asked to sign a Student Orientation and Compliance Declaration form that acknowledges that they understand and agree to comply with student visa conditions and aware of their rights and obligations as a student of the KCA.

### Our Trainer and Assessors

Each student has an allocated VET Trainer to assist and direct you throughout your studies. Your VET Trainer is your first point of contact for questions in regards to your assessments and course content. You will receive your VET Trainers contact details and are able to contact them within business hours.

In order to deliver nationally recognised training our VET Trainers and Assessors must meet rigorous criteria of competency checks as per the following criteria:

- Hold the TAE40116 Certificate IV in Training and Assessment as a minimum qualification; and
- Must be able to demonstrate vocational competencies at least to the level being delivered and assessed; and
- Be able to demonstrate how they are continuing to develop their VET knowledge and skills as well as maintaining their industry currency and VET Trainers competency

## Student Timetable

All students will be provided with a timetable for their course during their orientation session. The timetable will include the days and times each student is required to attend.

For all international student's classes are scheduled for 20 hours per study week with a break in between terms. Additional breaks will be Australian public holidays. When holiday break occurs at Christmas time (December-January), all dates will be clarified by the KCA upon induction. The return date is generally around mid-January.

Students are advised that in order to achieve prescribed skills and competencies it will be necessary to practice skills learnt and undertake self-study at home in further addition to class hours spent at KCA.

## Monitoring Attendance

While KCA ensures that all international students meet the course progress requirements under Standard 8 of the National Code, we will still monitor attendance as a 'best practice model' in order to ensure that students will complete their studies within their course duration. Furthermore KCA views attendance as a part of their ongoing duty of care for its students. From a vocational and practical perspective, attendance is also viewed as the key to successfully completing your course.

## Course Progress

As per Standard 8 of the National Code, all students are required to meet course progress requirements in order to satisfy visa conditions.

This means you are required to:

- Meet all of your attendance obligations for each unit;
- Submit and undertake all assessment on time; and
- Complete all the requirements for the unit within the prescribed study period.

KCA provides each student with a "program outline" at the commencement of each study period. This outline identifies the units and assessment requirements for each study period. Students must demonstrate competency in 50% or more of the units for the study period. KCA defines a study period as a 10 week term, whereby it will assess each student's progress at the end of each compulsory study period.

KCA is committed to assisting students meet their course progress requirements by monitoring progress and providing relevant support at an early stage. This could include extra time to complete tasks or a reduced study load to study skills programs. However, if after providing you with this support, you continue not to meet course progress requirements, you

will be issued with a first warning letter stating that your course progress is unsatisfactory and inviting you to a meeting to discuss further support.

Following the provision of this support, if your progress is still unsatisfactory, you will be sent a second warning letter and again inviting you to a meeting to discuss why you are still not meeting satisfactory course progress requirements and to discuss new or revised support arrangements as applicable.

Where you continue not to meet course progress requirements in two consecutive study periods, you will be reported to DHA for not meeting course progress requirements. Department of Home Affairs (DoHA) will make the final decision on whether your visa will be cancelled because of your unsatisfactory course progress.

You may appeal KCA's decision to report you to DHA. However, an appeal will only be considered if KCA has not recorded or calculated the student's marks correctly, has not provided appropriate support as set out in this policy, has not implemented other policies such as assessment and feedback which could impact on the student's results or there are compassionate or compelling reasons which have contributed to the unsatisfactory progress.

## Compassionate or Compelling Circumstances

Compassionate or compelling circumstances are generally those beyond the control of the student and they have an impact on the student's capacity and/or ability to progress through a course. These could include (but not limited to):

- Serious illness or injury, where a medical certificate states that the student was unable to attend classes;
- Bereavement of close family members such as parents or grandparents
- A traumatic experience which has impacted on the student and which could include involvement in, or witnessing of a serious accident; and witnessing or being the victim of a serious crime. These cases should be supported by police or psychologists' reports); or
- Where KCA is unable to offer a pre-requisite unit.
- Where the student is unable to begin studying on the course commencement date due to delay in receiving a student visa.
- Where your study load is reduced due to difficulties with meeting course progress requirements, this may mean that you will need to do additional subjects in future sessions to complete your course in the time specified in your student visa.

Please note that the above are only some of examples of what may be considered compassionate or compelling circumstances. The KCA team will use their professional judgment and to assess each case on its individual merits. When determining whether compassionate or compelling circumstances exist and will consider documentary evidence provided to support the claim. KCA will keep copies of these documents, together with a record of why the decision was made, in the student's file.

## Completion within the Expected Duration of Study

KCA will at all times monitor the progress of each student to ensure they are in a position to complete the course within the expected duration as specified on the student's CoE.

Furthermore, KCA will ensure students do not exceed more than 25 per cent of the student's total course by distance and/or online learning. In monitoring this enrolment load, KCA will ensure that in each compulsory study period for a course, the student is studying at least one unit that is not by distance or online learning. KCA will only enable students to extend the expected duration of study for the course through the issuing of a new CoE in limited circumstances.

## Complaints and Appeals

A complaint is made when you are dissatisfied with a service offered or treatment received at KCA. This may include KCA's services and activities, for example, our application and enrolment process, marketing information, the quality of training and assessment we provide, training and assessment matters, including student progress, student support and assessment requirements, or the way someone has been treated and the actions of another student

An appeal is made when you disagree with an assessment result decision made by KCA.

KCA invites students to make complaints and appeals as needed. Complaints and appeals are seen as an opportunity to identify potential causes of the complaint or appeal and to then take action to prevent the issues from recurring as well as identifying any areas for improvement. If you make a complaint or appeal:

- The complaint or appeal will be dealt with promptly; the actual length of time involved may vary in accordance with the complexities of the case. Under normal circumstances, you can expect a written response within 10 working days
- You will have the opportunity to present your case at each stage of the procedure
- You have the option of being accompanied/assisted by a third person (such as a family member, friend or counsellor)
- You will not be discriminated against or victimised

KCA is committed to a procedurally fair complaints and appeals process that is carried out free from bias, following the principles of natural justice. This means that all complaints and appeals are responded to in a consistent and transparent manner, promptly, objectively, with sensitivity and confidentiality. There is also no cost to students.

## Before an issue becomes a formal complaint or appeal

If you have a complaint, you are encouraged, wherever possible, to resolve concerns or difficulties informally with the person(s) concerned. There are staff available to assist the resolution of issues at this level. You can raise an informal complaint by contacting the Campus Support Officer in person or by phoning 1300 854 011. Please note that it is not mandatory to raise a complaint informally.

In the event of an assessment being deemed Not Yet Competent, you have two opportunities to correct and resubmit your assessments. You should, wherever possible, try to resolve concerns or difficulties with your VET Teacher at this time. You may raise an informal appeal, prior to receiving a final assessment result, by contacting Campus Support in person or by phoning 1300 854 011

## Formal Complaints and Appeals Procedure

If you wish to make a complaint or appeal you should do so within five (5) working days of the incident occurring or the original decision is being made. Your complaint or appeal should be in writing using the Complaints and Appeals Form.

KCA will maintain the student's enrolment while the complaints and appeals process is ongoing. This does not necessarily mean that a student will remain in class.

KCA has in place arrangements for an independent external person or organisation to hear the complaints or appeals where the RTO's internal process has been completed and the student remains dissatisfied.

The student will be granted immediate access to the RTO complaints and appeals process. The process must begin within 10 working days of the formal lodgement of the complaint or appeal.

KCA's documented internal complaints and appeals process must include provision of a written statement of the outcome including details and reasons for the decision.

If the outcome of a student's appeal through KCA's internal or external complaints and appeals handling process is favourable to the student, KCA will immediately advise the student of this and implement any decision and/or corrective and preventive action required.

The process must begin within 10 days of receipt of the formal complaint. It must be completed within a reasonable timeframe which takes into consideration the length of a student's visa and the student's enrolment in future subjects and/or courses.

The complaints and appeal process must give the student the opportunity to:

- formally present his or her case; and
- be accompanied or assisted by a support person.

Until the complaints and appeals process is completed, KCA must maintain the enrolment of the student. To 'maintain the student's enrolment' means the KCA will not notify DET of any change to the student's enrolment status through the Provider Registration and International Student Management System (PRISMS).

KCA will maintain the student's enrolment throughout the internal appeals process for all types of complaints or appeals. However, in the case of an external appeals process it will depend on the type of appeal as to whether KCA maintains the student's enrolment as follows:

- If the appeal is against KCA's decision to report the student for unsatisfactory course progress, the student's enrolment will be maintained until the external process is completed and has supported or not supported KCA's decision to report.
- If the appeal is against KCA's decision to defer, suspend or cancel a student's enrolment due to misbehaviour, KCA will notify DET via PRISMS of a change to the student's enrolment after the outcome of the internal appeals process

Once DET has been notified of a deferment, suspension or cancellation of a student's enrolment, the student has 28 days in which to:

- leave Australia,
- show the Department of Home Affairs (DoHA) a new Confirmation of Enrolment (CoE),
- provide DoHA with evidence that he or she has accessed an external appeals process.

KCA aims to resolve all complaints received in an informal manner to avoid unnecessary stress and disruption to the student and the college.

However, if a complaint is unable to be resolved on an informal level the student is required to present to the KCA on a written complaint within 5 business days of the incident. The written complaint will then be acknowledged by KCA within 5 business days with an outline of the process to be followed and an estimated timeframe for resolving the complaint. Any expected delay is required to be explained. Should a delay be encountered once the complaint handling process has been commenced, this is required to be advised in writing with a revised period. Review of the complaint will begin within 10 business days of KCA receiving the formal written lodgement of the complaint.

Complainants can represent themselves, and there are no fees for accessing the grievances and complaints procedures. Complainants may be assisted and supported by another person at any meetings.

A written statement of the outcome, including details and reasons for the decision will be provided to the student. KCA will immediately advise the student and implement any decision in the event of any favourable outcome to the student.

KCA will maintain the student's enrolment while the internal and external complaints and appeals process is ongoing if there is a threat that the student will be deported. However, if there is no threat that the student will be deported enrolment may only be maintained during the internal process (enrolment during the external process will be at the KCAs discretion).

This policy advises that students are able to access the KCA's Appeals process within 20 working days of the outcome of the complaint. If after the internal appeals process has been conducted, the student is still unsatisfied with the result they may appeal to the Overseas Students Ombudsman (OSO). This service is free of charge. Further details can be found at: <http://www.ombudsman.gov.au/making-a-complaint/overseas-students>

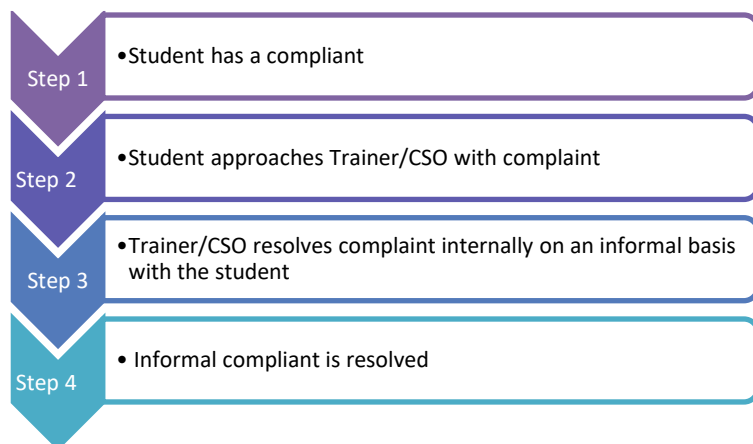

As per Standard 10.3 of the National Code there is no cost for accessing this process. The outcome of the external appeals process will be final and accepted by both parties.

KCA will provide complete cooperation with any independent mediator investigating the complaint/appeal and will be bound by the recommendations arising out of this process. The CEO will ensure that any recommendations made are implemented within twenty (20) days of being notified of the recommendations. The complainant or appellant will also be formally notified in writing of the outcome of the mediation.

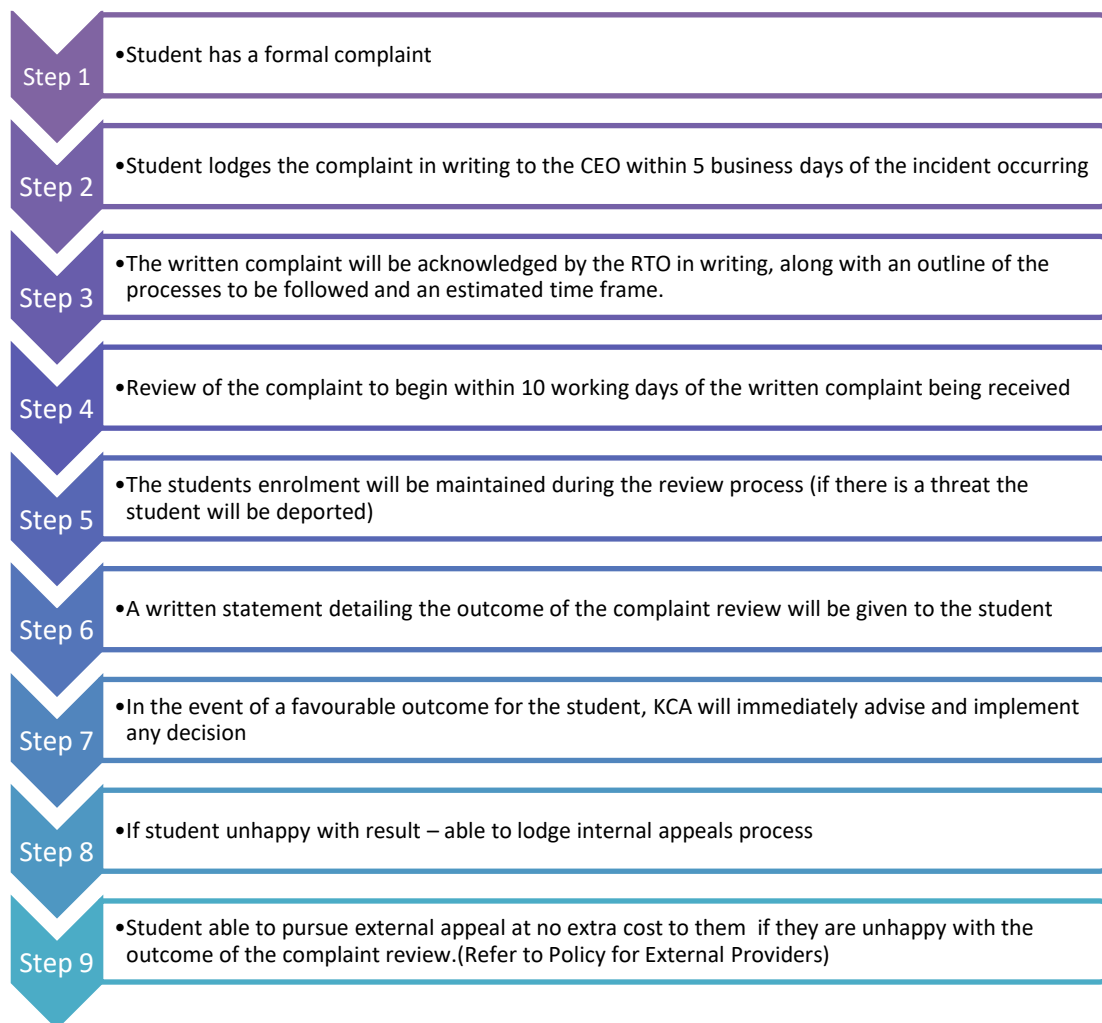

If a student withdraws from a course the ESOS Act requires that KCA advise the Department of Education and Training (DET) through PRISMS within 14 days. This information is transmitted to the Department of Home Affairs (DoHA) and has implications for the student's visa. If a student transfers to another provider, any refunds of course fees paid to the KCA will be in accordance with the KCA's refund policy.

## Deferring or Suspending Study

As per Standard 9 of the National Code, international students are able to defer or temporarily suspend their studies during their course only in certain limited reasons, on the grounds of compassionate or compelling circumstances. KCA will only consider a **maximum of six (6) months deferral unless exceptional circumstances can be proved and supported with medical certifications.**

KCA can only defer or temporarily suspend the enrolment of a student on the grounds of:

- a. Compassionate or compelling circumstances (e.g. illness where a medical certificate states that the student is unable to attend classes), or
- b. Misbehaviour or misconduct by the student.

Students may also have their enrolment suspended due to misbehaviour which can also be grounds for cancellation of studies.

Students have the right to appeal a decision by KCA to defer, suspend or cancel their studies and KCA will not notify DET of a change to the enrolment status until the internal complaints and appeals process is completed.

## Deferring a Term

Students who would like to defer their studies must first speak a member of the Campus Support team. An Application to Defer form must be completed which will need to be approved by the CEO or their nominated representative. Prior to applying to defer their program students must ensure that they have paid any outstanding fees.

As outlined above, Deferral of studies by international students is permitted only in compassionate or compelling circumstances such as serious illness, death in the family or for some other reasons or conduct or misbehaviour by the student.

Students will be required to provide evidence of the compassionate or compelling circumstances. Please refer to the definitions 'Special Circumstance' and note that any deferral may impact your Student Visa.

## Failure to Start Course

## Suspension Due to Academic Misconduct

All students are expected to maintain high standards of academic honesty and integrity. Academic misconduct is defined as attempts by students to cheat, plagiarise or otherwise act dishonestly in undertaking an assessment task, or assisting other students to do so. Students are considered guilty of cheating if they seek to gain advantage by unfair means such as copying another students' work, or in any way mislead a lecturer or tutor about their knowledge, ability, or the amount of original work they have done.

Furthermore student are expected to behave in an acceptable manner whilst on campus and also when undertaking work placement. Failure to meet the requirements under the Student Conduct, classroom behaviour and conditions of work placement may lead to suspension and or dismissal.

## Withdrawals

If you wish to withdraw your enrolment prior to the commencement of your course you must notify us in writing by completing our withdrawal form. If the student fails to notify KCA of their withdrawal in writing, they will be deemed as still enrolled and they will be liable to pay the course fee in full. Please refer to our refund policy for further information.

**Please note that as an international student you may not withdraw from your studies until you have completed six (6) months of your principal course.** In cases of packaged programs the principal course is the higher qualification, i.e. if packaged on a Certificate III and Diploma, you may not withdraw until six (6) months into the Diploma program. However please refer to the 'Special Circumstance' that may apply.

Time management is essential for productive on-line learning. The time you require to understand and apply the topic will vary depending on your present experience and skills.

A word to the wise: many learners believe that on-line learning might be easier but be aware on-line learning requires the same amount of your time as the face to face training, if not more.

To preserve and maintain this environment KCA supports a system of informed consequences for actions. As part of this the business supports a system of informed consequence for actions.

A disciplinary procedure exists for the proper management of disciplinary issues. The procedure is designed to ensure fairness and objectivity and its primary purpose is not intended as a form of punishment but as a means of providing students/course participants with the opportunity to correct or modify their behaviour through fair and objective means. In which regard, we encourage all students/course participants to refer to the Student Code of Conduct and Class Room Behaviour within this document.

Individuals have a responsibility to take care of the health and safety of themselves and others and to comply with company Workplace Health and Safety policy and risk management procedures. In the interests of staff and student safety, it's important that our enrolled participants ensure that their friends and family members, who are not themselves enrolled, do not attend training sessions facilitated by KCA. All accidents, near misses or unsafe working practices or conditions must be immediately reported to your VET Teacher.

## Consumer Protection

Students as consumers play an important role in promoting quality training. This is why it is important for you as a student to know your rights when undertaking training and how to provide us feedback to help resolve any issues you may have.

## Transfer Policy

KCA will not enrol any transferring international student prior to their completion of 6 months of their principal course, unless that student has a valid letter of release from their current agreeing to such a transfer and has been released on PRISMS.

KCA will only enrol a student if they have documentation that approximates the letter of release (e.g. the student has evidence their CoE was conditional on meeting certain entry requirements and they did not meet the requirements). KCA will note this in PRISMS and keep the documentation on the student's file.

**NOTE:** A student wanting a CoE for the purposes of applying for a new visa is not considered to be a circumstance that would constitute an approximation of a letter of release.

## Transferring Away From KCA Education (KCA)

If a student wishes to transfer away from KCA, they must complete the Transfer Request Document and provide the relevant supporting documentation.

If approved, KCA will release the student in PRISMS unless the student has failed to provide a Letter of Offer from another registered provider confirming that a valid enrolment offer has been made. In situations where students are eligible for release, KCA will release the student via PRISMS within 14 working days of receiving the approval.

## Refusing to Provide a Letter of Release

KCA will not give a student a release unless the student completed the required Transfer Request Form, with the supporting documentation and provided valid reasons for the withdrawal. When a request for release is refused, the student will be provided with a written response stating the reason for the refusal. The student will be given advice in writing that it is possible to appeal the decision if the student so chooses.

## Students Withdrawing From a Course

If a student withdraws from a course the ESOS Act requires that KCA advise the Department of Education and Training (DET) via PRISMS within 14 days. This information is transmitted to the Department of Home Affairs (DHoA) and has implications for the student's visa.

If a student transfers to another provider, any refunds of course fees paid to the KCA will be in accordance with the refund policy.

## Transfer Request Rules

The circumstances where a transfer **may be** granted by KCA prior to you completing 6 calendar months of your principal course of study include:

## 10. Your Assessment Process

Vocational Education and Training (VET) is competency based training with the focus on applying theory to practice. As such the assessment tasks designed for completion such as; written tests, quizzes, role plays, projects and work based tasks in either a simulated and or practical environment so they may apply their learning.

Vocational competency is defined as broad industry knowledge and experience, usually combined with a relevant industry qualification. A person who has vocational competency will be familiar with the content of the vocation and will have relevant current experience in the industry. Vocational competency must be considered on an industry-by-industry basis and with reference to any guidance provided in the relevant Training Package or Accredited Course.

In competency based Assessment you may be deemed as 'competent' or 'not yet competent'. In the event that you are deemed 'not yet competent', additional support will be provided to help you to complete the particular unit and prepare for an additional Assessment event.

Your individual qualification consists of a number of Units of Competency (UoC) with some being core units and other electives.

Each Assessment in a Unit of Competency is made up of a number of tasks and you will need to complete and be found satisfactory in each task in order to fully complete the Unit of Competency and receive a Competent result.

### Course Progression

Your progression through your chosen course will be monitored at all times. If you fall behind the benchmarked progress targets, your VET Teacher will contact you to discuss any difficulties you are having and what support we can provide to assist you maintain your progress towards completing your training.

Remember, as an international student you must maintain a 50% or above course progression. Please refer to our Course Progression policy for further information.

Each term you will receive an outline which includes the details of how we deliver the training to you, for example, classroom based, work placement, as well as the assessment methods that will be used to assess with the due dates. Assessment methods vary depending on the course but usually include written and/or oral questions, written assignments, projects and practical observations.

At the beginning of each unit, your assessor will go through the arrangements for assessment with you and you will be given all the details about the assessment requirements.

You will be considered to be making unsatisfactory course progression if you:

- have not engaged in any learning or assessment activities for two consecutive months, and/or
- fail to achieve competency in the same unit three times; or
- do not complete your program of learning within the maximum course duration as specified in the course information provided in the relevant course outline, and on the website; or
- are deemed to be an unsafe practitioner at any point during, or following work placement/work experience.

If you are at risk of not making satisfactory course progression, you may be offered extra support through the implementation of an intervention strategy and an action plan. The extra support may include one or more of the following:

- Learning support / Academic skilling
- Strategies identified by the LLN instrument completed by the student for the qualification they are enrolled in
- Counselling
- Disability support
- IT support
- Academic program support

Your progression will be monitored on the basis of your course results in relation to your progress and professional practice in relation to work placement/work experience. No other factors are taken into account when identifying students at risk of not progressing.

If you are having trouble, please don't wait to be identified as at risk of not progressing. Talk to your VET Teacher about additional support that may be suitable for you, or speak to the Student Support team. You can also access the Course Progression Policy available on our website or in this document.

## How much time should I spend on my Assessments?

Depending on the level of the qualification you are studying, your VET Teacher will use different criteria to assess your work. Generally, the higher your qualification is the more time will be required to successfully achieve the qualification. The qualification is made up of assessments which comprise of either one unit of competency or a cluster of competencies.

Set yourself a weekly target of approximately

- 3 – 5 hours to complete a Certificate III assessment
- 6 – 12 hours for a Certificate IV assessment
- 10 – 20 hours for a Diploma assessment
- 15 – 25 hours for an Advanced Diploma assessment

Please note, these are guidelines only, you may find you spend more or less time on an assessment depending upon your experience and your direct exposure to or involvement with the subject matter in the workplace.

Generally, participants enrolled in a qualification will be made aware of their course's schedule in advance, including the

assessment due dates.

KCA recommends participants work out a study plan, as time management is incredibly important. We fully appreciate that sometimes it's not all that easy to combine work, family and study.

## Students responsibilities

The integrity of KCA's qualifications is maintained by the rigorous application of assessment principles. It is the responsibility of students and our trainers, to ensure they meet specified course requirements in order to achieve the desired qualification.

We offer assistance from our qualified staff wherever we possibly can and they can assist participants with advice and support throughout their program of study.

It is essential that students have the ability to work independently in preparation for assessment tasks. Research proves that students who maintain at least an 80% attendance rate have a far greater chance of success in completing their qualifications. Pressures of work and business commitments cannot be taken into consideration in the marking of the assessment and therefore when attending Face to face programs at KCA, students should aim to maintain minimum of 80% classroom attendance.

It is highly recommended that you always keep a copy of your assessments in event that your work is lost in transit.

## What are the trainer and assessors be looking for?

This depends on the level of your qualification. Use the table below as a reference to guide you with your assessment. Handwritten work is generally only acceptable up to Certificate III level as it has little emphasis on the use of technology to support business operations; Certificate III onwards requires demonstration of technology which can be supported by submitting your assessments electronically whenever possible.

In the case of handwritten work, it is your responsibility to ensure you have a copy of your work in event of your assessment being misplaced or lost in transit.

<b>Certificate III (AQF level 3)</b>	<ul style="list-style-type: none"> <li>Your answers may include lists using bullet points, sentences and short paragraphs, tables, etc.</li> <li>Examples on how you perform processes using your developed skills whilst demonstrating discretion and professional judgement within your role.</li> <li>If you use material from other sources, the material must be referenced. For example: Smith, J (2012) assessment for BSBADM302</li> </ul>
<b>Certificate IV (AQF level 4)</b>	<ul style="list-style-type: none"> <li>Your answers may include lists using bullet points, sentences and short paragraphs, tables, etc.</li> <li>Examples of how you apply concepts at work are required, utilising a wide variety of contexts. For example: Smith, J (2012) assessment for BSBADM409</li> </ul>
<b>Diploma (AQF level 5)</b>	<ul style="list-style-type: none"> <li>Reference to training concepts and how you have applied (or may apply) them at work is expected. <b>Advanced Diploma (AQF level 6)</b>	<ul style="list-style-type: none"> <li>Your answers must demonstrate your understanding of the specified knowledge from the area you are studying.</li> <li>Examples of how you have analysed, diagnosed, designed and executed accountability and understanding of a wide range of specialised technical, creative and conceptual skills.</li> <li>Work-based examples are expected. A complete description of any attachments is expected.</li> <li>Your work must be clearly referenced. For example: Smith, J (2012) assessment for BSBOHS604</li> </ul>

## What is evidence? When do I include evidence in my Assessment?

The term Evidence refers to the collection of documents and possibly other materials that you compile and submit to support your demonstration of competency and will be highlighted in your Course Outline.

Evidence is required for all Tasks/Workplace projects within an assessment and it is proof that you can put what you are saying into practice. Your evidence should reflect and support your answer for the task and be referenced clearly.

Types of evidence that you choose to include in your assessment may include (but are not limited to):

- Samples of work completed
- Minutes of meetings
- Corporate policies
- Planning schedules
- Calendar notations
- Completed answers within your learning materials provided
- Descriptions by you of relevant experiences

- Copies of emails that demonstrate processes undertaken in the example/s discussed in your assessment responses
- Video of you demonstrating the skills being assessed
- Any other 'evidence' that you feel will adequately demonstrate competency - Please ensure that you reference all evidence that you use.

## Helpful tips for Completing Assessments

The following are some tips for completing your assessments.

Be Professional	If the quality of your work would not be acceptable to a manager, then it is unlikely to meet the assessment standards required. Make sure your work is organised and easy to read.
Read the Instructions	Make sure you understand what is required. Read through the tasks when you receive them. If you are unsure of what is required ask your VET Teacher for clarification. Make sure you are on the right track by asking your VET Teacher for feedback prior to submitting your final answer.
Obtain all necessary signatures and dates	Make sure you and your work place supervisor, if applicable, have signed and dated your assessment everywhere you're asked to. Signatures and dates are also vital on attached evidence relating to any agreements or action plans made with staff.
Make a Copy	<b>Make a copy of your assessment.</b> If your assessment is misplaced, it is your responsibility to provide another copy.
Proof read	Proof read written answers; check that what you've written actually says what you mean.
Participate Fully	Participate fully in any group assessments and ensure your answers are in your own words. Remember, the assessment is designed to prove you have the skills and knowledge required, not that you can get the answers from other people.
Answer ALL the questions FULLY	You are expected to <b>attempt every question</b> and task. If you are unable to answer based on your current role, please think into the future. <b>One word</b> answers are <b>not</b> acceptable unless asked for. Sometimes a question may have more than one part to it so always be careful to study and consider the question before preparing your response For example: 'List the three barriers to communication <b>and</b> discuss one method to overcome each of those barriers'.
In your Own Words	Copying directly from the manual or other sources will result in you having to resubmit the assessment. If working with a colleague or in a group, make sure you each answer in your own words. You are not permitted to share or trade answers unless specifically prearranged with your KCA VET Teacher.
Answer from YOUR perspective	<b>Use "I"</b> wherever possible because your VET Teacher wants to know what <b>YOU</b> did, how <b>YOU</b> did it, why <b>YOU</b> did it and how well <b>YOU</b> did it.
Be specific	When asked to provide an example from your workplace, <b>be specific</b> . Try to avoid broad, generalised statements about what happens generally in the workplace. Discuss a specific actual example. Explain clearly – remember that your VET Teacher does not know about your work place's processes and procedures unless you tell them.
Provide proof	Evidence is proof of what you are saying that you are able to put into practice. <b>You <u>MUST</u> provide evidence for all workplace tasks/projects.</b>
Complete templates	If attaching <b>templates</b> , please fill out and complete the templates showing what you have done/would do in the workplace to show how you have/would use the template. Empty templates are not acceptable.
Practice	Practise practical skills so you are comfortable performing the required tasks during your assessment.

Label your evidence clearly	Please label attachments clearly with the unit code/name, question or task number and add a heading including a brief description (one sentence) to each piece of evidence to explain what the evidence is showing and why or how it is relevant.
Submit your assessment correctly	Make sure you understand how your final answer is to be submitted.
Plan Ahead	Make sure your VET Teacher receives your assessment by the due date. Plan ahead around any family or work commitments and give yourself enough time to complete them. Your Program Outline will give you the dates your assessments are due, if you're unsure, check with your VET Teacher.
Don't Leave it to the Last Minute	If required, give your supervisor as much time as possible to complete any supervisors reports.
Don't Let Assessments Build Up	If you are experiencing difficulties talk to your VET Teacher
Double Check	Check your assessment before you submit it. Make sure that you have; Completed all the tasks. Put your name on each assessment task, unless submitting it online. Securely attached all documentation, if handing in paper based assessments.

## Employability Skills as part of your Qualification

Employability Skills are skills which apply across a variety of jobs, job roles and life contexts. They are sometimes referred to as key skills, core skills, life skills, essential skills, key competencies, necessary skills, and transferable skills. Industry's preferred term for them is Employability Skills.

Employability Skills are defined as "skills required not only to gain employment, but also to progress within an enterprise so as to achieve one's potential and contribute successfully to enterprise strategic directions".

There are eight (8) principal Employability Skills:

- |                             |                           |

## Re-Submission and Re-Assessment Guidelines

There are two (2) outcomes of assessments: **S = Satisfactory** and **NS = Not Satisfactory** (requires more training and experience).

Students will be awarded C = Competent on completion of the unit when the VET Trainer/Assessor is satisfied that the student has completed all assessments and has provided the appropriate evidence required to meet all criteria. If the student fails to meet this requirement, he or she will receive the result NYC = Not Yet Competent and will be eligible to be re-assessed.

### Re-Submission

If your assessment task has been returned marked 'Not Satisfactory', please DON'T PANIC!

'Not Yet Satisfactory' could simply mean your VET Trainer/Assessor needs to see more information or it could be that you've missed a part of the questions. You can resubmit your assessment.

You are allowed two (2) re-submission within your CoE period. If you're unsure or have any questions in this your VET Trainer/Assessor is available and happy to assist you and provide you with a timeframe or action plan for your re-submission.

## Re-assessment

Students will be allowed one (1) further attempt at an assessment for which the outcome is Not Yet Competent. No additional fees will be charged.

Make sure you refer to the tips for completing your assessment above; they also apply to any resubmissions. Before re-submitting any assessment, please ensure you also speak with your VET Teacher to clarify anything you may still be unsure of.

However, if after the second attempt, you are still assessed as Not Satisfactory for a task, **you will re-enrol in** the unit which will incur an **additional fee to be advised to you.**

Students are not permitted to repeat a unit of study more than once. However, the National Code does not preclude a student from repeating a unit of study more than once while in a full- time course of study where there are reasons to allow this such as not completing certain course components due to illness, evidenced by a medical certificate, or other exceptional circumstances beyond the control of the student, e.g. bereavement.

## Language, Literacy and Numeracy Assessment

Language, Literacy and Numeracy skills are important to the success in the course you have chosen. In each course every student/course participant has the opportunity to further develop their skills in these important areas, and apply them to their own work.

Based on the level of support identified in the Assessment, and/or subsequent Training, students may be supported by the VET Teacher during the Training and /or be referred to a Government agency(s) or a specialist Registered Training Organisations who can assist in Workplace English Language and Literacy (WELL) program, Adult Migrant English Program (AMEP) and Language, Literacy and Numeracy Program (LL&N).

## 14. Living in Australia

The following information is taken from the “Study in Australia” website. For more information visit: [www.studyinaustralia.gov.au](http://www.studyinaustralia.gov.au)

### Introduction

Australia is so big and diverse that it could never merely be the sum of its icons. The stunning architecture of the Sydney Opera House, the glow of Uluru (Ayers Rock) at dusk, a wave curled above a colourful reef – these are only part of the experience that unfolds once your feet touch the soil of this awesome country-continent.

Australia’s natural beauty is one of its biggest attractions. The landscape varies from endless sun baked horizons to tropical rainforests to chilly southern beaches. Its cities blend an enthusiasm for art and food with a love of sport and the outdoors. Visitors will have to re- think their grasp of geography in this huge country. The sheer vastness gives Australia – and its diverse population – much of its character.

Many things about this faraway island are different, even the things that sound familiar. You may have visited remote places, but not the sublime isolation of the outback, with its dazzling salt pans and sandstone towers. You would have encountered wildlife, but when did you last ride a camel among desert oak trees or have your camp site visited by a Tasmanian devil? Perhaps you’ve enjoyed seafood, but here you’ll taste barramundi fish and delicious Moreton Bay bugs (a shellfish). From rainforest trails to fascinating museums, vibrant multicultural cities to a love of sport, Australia is unique.

### Time Zones

Because of its large size, there are three time zones in Australia. Daylight saving also comes into force in some parts of Australia during the summer period. So it may be a little confusing. If you plan to travel around October and March, be sure to double check the times of departure and if daylight savings affects you.

- **Australian eastern standard time (AEST)** GMT minus 10 hours Australian Capital Territory, New South Wales, Queensland, Tasmania, Victoria
- **Central standard time (CST)** AEST minus 30 mins South Australia, Northern Territory
- **Western standard time (WST)** AEST minus 2 hours Western Australia
- **Australian daylight saving time (ADST)** AEST plus 1 hour End of October – End of March

Daylight Savings is only applicable to the following states:

- Australian Capital Territory, New South Wales, South Australia, Tasmania, Victoria

## Seasons in Australia

Summer          December – February    Autumn    March – May  
 Winter   June – August  
 Spring   September – November

## The People

Australia's population in mid-2005 was 20,265,000. Population density is among the lowest in the world, with an average of 2.5 people per square kilometre – no-one's within cooee (shouting distance) in the outback. Most people live along the eastern seaboard, with a smaller concentration on the south western coast. Living in one of the world's most culturally diverse countries – 23% is foreign-born – Australians incorporate a wide variety of influences into the way they live and play.

## The Places

Australia's states and territories each have unique characteristics. Explore one at a time or, when your studies have finished, visit them all in one big loop! This would mean over 14,000km of highway, not including side trips to beaches, forests, mountains, country towns... If you'd rather not go far from where you're studying, you'll still find there's plenty to keep you entertained.

## ATMs, Eftpos, Credit Cards & Bank Accounts

Branches of the ANZ, Commonwealth, National, Westpac and affiliated banks are found all over Australia, and many provide 24-hour automated teller machines (ATMs). Most ATMs accept cards issued by other banks and are linked to international networks.

Eftpos (Electronic Funds Transfer at Point of Sale) is a convenient service that many Australian businesses have embraced. It means you can use your bank card (credit or debit) to pay directly for services or purchases, and often withdraw cash as well.

Credit cards such as Visa and MasterCard are widely accepted for everything, including getting cash advances over the counter at banks and from many ATMs. Charge cards such as Diners Club and American Express (Amex) are not as widely accepted.

Opening a local bank account is easy for overseas visitors provided it's done within six weeks of arrival. Simply present your passport and provide the bank with a postal address and they'll open the account and send you an ATM card. After six weeks you need to provide more identification (ID), such as a passport, a birth certificate or an international driving licence with photo.

## Currency & Exchanging Money

Australia's currency is the Australian dollar, made up of 100 cents. There are 5c, 10c, 20c, 50c, \$1 and \$2 coins, and \$5, \$10, \$20, \$50 and \$100 notes. Prices are often marked in single cents and then rounded to the nearest 5c when you pay.

Changing foreign currency or traveller's cheques (see following) is usually no problem at banks throughout Australia or at licensed money-changers such as Travelex or Amex in cities and major towns.

## Travellers Cheques

The convenience of internationally linked credit and debit card facilities in Australia means that traveller's cheques are not used much. Nevertheless, Amex, Thomas Cook and other well-known international brands of traveller's cheques are easily exchanged. You need to present your passport for identification when cashing traveller's cheques.

## Food

Australia is one of the most dynamic places in the world to eat, thanks to international culinary influences and a dining public willing to give anything new a go. Anything another country does, Australia does too. Vietnamese, Indian, Fijian, Italian – no matter where it's from, there are expats and locals keen to cook and eat the cuisine. Due to the country's huge size, the climate varies a great deal from north to south. This means that at any time of the year there's an enormous variety of produce on offer, including Australia's justifiably famous seafood.

Food tourism and food festivals are blossoming. Melbourne, for instance, has its own month-long food-and-wine festival in March. There are harvest festivals in wine regions, and various communities hold annual events, such as Clare Valley's (South Australia) Gourmet Weekend.

Christmas in Australia, in mid-summer, is less likely to involve a traditional European baked dinner, and more likely to be replaced by a 'barbie' (barbecue), full of seafood and quality steak. Various ethnic groups have their own celebrations. The Indian community brings out delicious sweets during Diwali; the Chinese annual Spring Festival (Chinese New Year) involves sumptuous banquets; and Australia's Islamic community marks the end of Ramadan with the festival of Eid al-Fitr.

A great feature of the restaurant scene, which also makes eating out less expensive, is 'BYO' (Bring Your Own). If a restaurant says it's BYO, you're allowed to bring your own alcohol. If the place also sells alcohol, the BYO is usually limited to bottled wine only (no beer, no casks) and a corkage charge is often added to your bill.

## Australia for Free

There are plenty of activities that cost nothing or next to nothing for those on a budget. Appreciate Australia's stunning natural beauty and native animals with walks through its pristine national parks – there are more than 500. Enjoy endless walks along endless beaches; go people watching at fantastic markets; learn about Australia's art and heritage at excellent free galleries and museums (see the Culture section); or attend some typically Australian festivals, like the surf life-saving competitions on beaches all around the country during summer.

The list of free or cheap things to do is endless, so there's no need to let a student budget come between you and good times.

## Costs of Living

There is no doubt that Australia is the perfect place to enjoy a quality education and outstanding quality of life. What makes it even better is that Australia offers excellent value for money, with living expenses and tuition costs comparable to the United Kingdom and United States.

Australians enjoy one of the highest standards of living in the world - without the expensive price tag. An average international student in Australia will spend about \$360 a week on accommodation, food, clothing, entertainment, transport and telephone. Remember, though, that this figure depends on your location, lifestyle and even your course.

You can seek further information on living costs on our website: [www.kca.edu.au](http://www.kca.edu.au)

## Arranging Travel and Documents to Bring

Costs of travelling to Australia are not included in your course fees and you will need to arrange and pay for your travel to Australia. You should plan at least 2 weeks before your course orientation to give you time to settle in.

You will need to prepare a folder of official documents to bring with you to Australia including:

- Valid passport including a valid student visa
- Your Confirmation of Enrolment (CoE)
- Insurance policies

- Original or certified copies of documents such as your birth certificate, medical records and educational qualifications as advised by the Institute.

If you are travelling with your family, you will need to include their documents as well. Keep all documents in your carry- on luggage. In case you lose the originals, make copies that can be left behind with family and sent to you.

## 17. Further Information

### Legislation

As a requirement of the Standards for Registered Training Organisations 2015, KCA must ensure it stays up to date with all relevant legislation administered by all State governments in the states where the training is delivered.

KCA is subject to legislation related to training and assessment as well as general business practice. This legislation governs our obligations as a Registered Training Organisation (RTO), our obligations to students, and relates to the industry in which we conduct training. This legislation is continually being updated and all KCA Education (KCA) representatives are made aware of these changes as they occur. The legislation that particularly affects the delivery of our training and assessment services at present are discussed below.

The Quality Assurance team at KCA maintains a listing of all applicable legislation affecting the delivery of our services across the country. Our staff are informed of changes to legislation through our internal governance activities (team meetings, professional development sessions, and the company's intranet).

If participants require any further information regarding relevant legislation, please contact KCA. However we have included a summary of important legislation, and the requirements that KCA Education (KCA) is required to meet under each legislative act.

#### National Vocational Education and Training Regulator Act 2011

The Act provides a range of sanctions of increasing severity, escalating from enforceable undertakings and additional conditions on registration through to suspending or cancelling the registration of an RTO. ASQA will apply these powers and sanctions with proportion, rigor, fairness and consistency.

#### Education Services for Overseas Students Act 2000

The Education Services for Overseas Students Act 2000 (ESOS Act) sets out the legal framework governing delivery of education to International students in Australia on a student visa. The Australian Government, through the Department of Education and Training, administers the ESOS Act and its associated instrument

#### National Code 2018

The National Code of Practice for Registration Authorities and Providers of Education and Training to Overseas Students (the National Code) provides nationally consistent standards for the conduct of registered providers and the registration of their courses. The standards set out specifications and procedures to ensure that registered providers of education and training courses can clearly understand and comply with their obligations under the National Code.

#### Student Identifiers Act 2014

The USI will allow all of an individual's training records, entered in the national vocational education and training (VET) data collection, to be linked. The USI makes it easier for students to find, collate and authenticate their VET achievements into a single transcript. It will also ensure that students' VET records are not lost.

### Competition and Consumer Act 2010

The Competition and Consumer Act 2010 (CCA) covers most areas of the market: the relationships between suppliers, wholesalers, retailers, and consumers. Its purpose is to enhance the welfare of Australians by promoting fair trading and competition, and through the provision of consumer protections.

Broadly, it covers:

- product safety and labelling
- unfair market practices
- price monitoring
- industry codes
- industry regulation – airports, electricity, gas, telecommunications
- mergers and acquisitions.

### Disability Discrimination Act 1992

To eliminate, as far as possible, discrimination against persons on the ground of disability in the areas of: work, accommodation, education, access to premises, clubs and sport; and the provision of goods, facilities, services and land; and existing laws; and the administration of Commonwealth laws and programs; and to ensure, as far as practicable, that persons with disabilities have the same rights to equality before the law as the rest of the community; and to promote recognition and acceptance within the community of the principle that persons with disabilities have the same fundamental rights as the rest of the community.

### Racial Discrimination Act 1975

Racial discrimination occurs under the RDA when someone is treated less fairly than someone else in a similar situation because of their race, colour, descent or national or ethnic origin. Racial discrimination can also occur when a policy or rule appears to treat everyone in the same way but actually has an unfair effect on more people of a particular race, colour, descent or national or ethnic origin than others.

### Sex Discrimination Act 1984

The Act seeks to create recognition and acceptance within the community of the principle of the equality of men and women.

### Age Discrimination Act 2004 (Cth)

The Age Discrimination Act aims to ensure that all Australians – young and old and everyone in between – are treated equally and have the same opportunities as others. The Act protects you against discrimination in many areas of public life, including:

- employment – getting a job, terms and conditions of a job, training, promotion, being dismissed
- education – enrolling or studying in a course at a private or public school, college or university

#### Privacy Act 1988 and Australian Privacy Principles (2014)

Australians have a right to know why such information about them is being acquired, and who will see the information. Those in charge of storing the information have obligations to ensure such information is neither lost nor exploited. An Australian will also have the right to access the information unless this is specifically prohibited by law.

#### Fair Work Act 2009

This is the main legislation that governs the employee / employer relationship in Australia. It provides a safety net of minimum entitlements, enables flexible working arrangements and fairness at work and prevents discrimination against employees.

#### Competition and Consumer Act (2010)

The main federal law, the Competition and Consumer Act 2010 (CCA) ensures that trading is fair for your business and your customers.

The CCA covers most aspects of the marketplace: dealings with suppliers, wholesalers, retailers, competitors and customers. It deals with unfair market practices, industry codes of practice, mergers and acquisitions of companies, product safety, collective bargaining, product labelling, price monitoring, and the regulation of industries such as telecommunications, gas, electricity and airports.

#### Copyright Act 1968

Under copyright law, the copyright owner has a number of exclusive rights including the right to publish the work, control copying, prepare derivative works and perform of their work as well as the right to make the material available online.

- Copyright is really a set of rights – copyright owners have economic and moral rights as well as legal rights.
- Copyright law aims to protect the creative work of the copyright owner from unauthorised use by others.
- Copyright law also tries to balance this right with the general public's right to access information.

Copyright protects the written expression of an idea or concept - it does not protect the actual idea or concept itself. Copyright doesn't give the author of a work a monopoly over the ideas or information expressed in that work – anyone can use the ideas contained in a work provided they do not use the exact words used by the author to describe the idea or concept.
