

English Language Programs

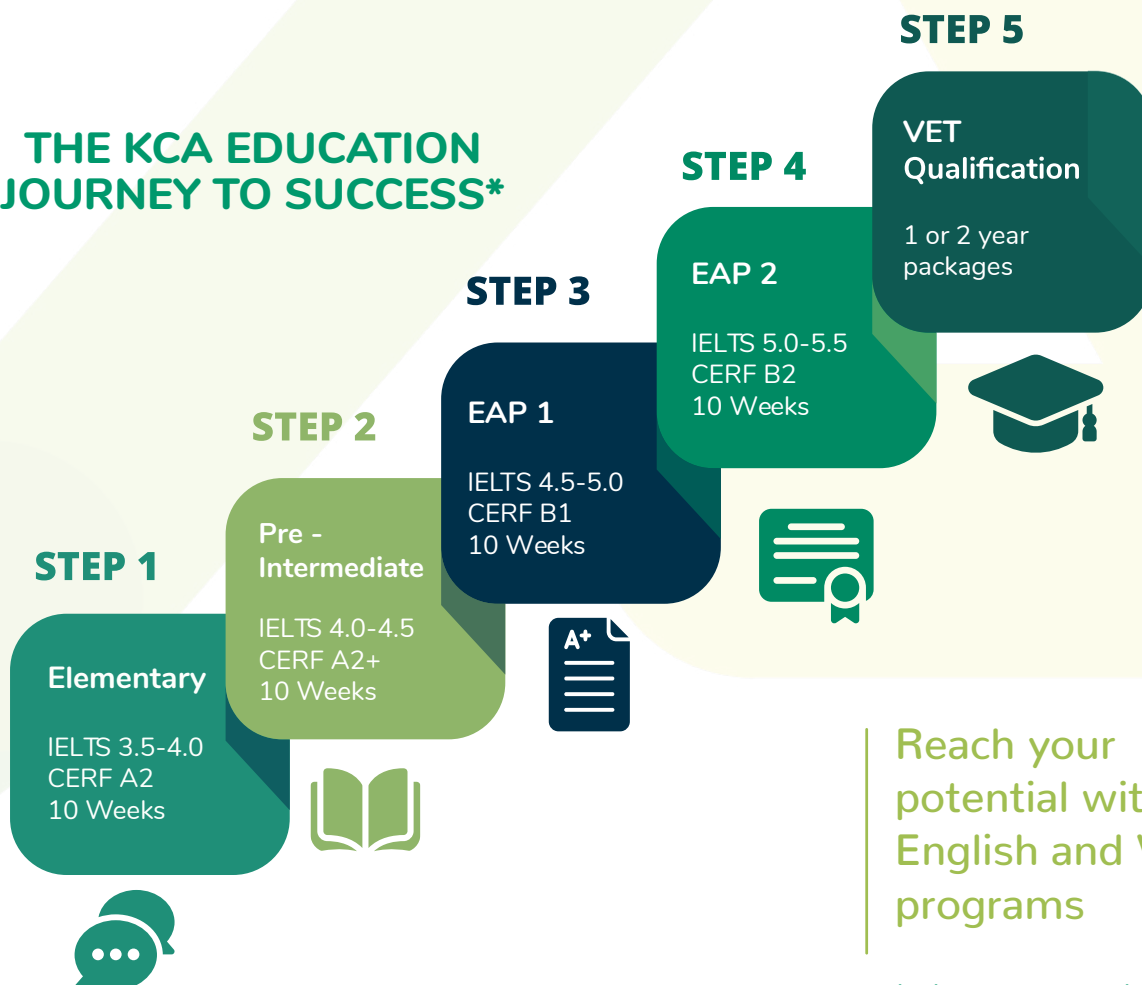

Course Overview

KCA Education is proud to now be offering a range of English Language programs to support our current Vocational Qualifications.

This will include a range of General English courses and our 'bespoke' English of Academic Purposes (EAP) course that is designed for students who are looking to pathway into one of our Vocational courses in Early Childhood Education, Aged Care or Community Services.

These programs will not only provide the student with the required English Level to enter their chosen Vocational program but will also consist of industry-based terminology and useful day-by-day vocabulary to ensure a smooth transition.
